Passion For Excellence

Founded in 1987, Allengers ("All Engineers") is a leading Indian name in the realm of medical diagnostic equipment & IT solutions in more than 80 countries worldwide.

With a vision to develop strategic long term relationships with clients, we are committed to bringing to life; medical products & solutions that enhance the way healthcare organizations deliver patient care and manage themselves.

By virtue of a robust in-house R&D, we possess the competence and capability to manufacture a large range of world class products, solutions & services; which enable us to serve as a 'one stop provider' for all your healthcare needs.

An Indian market share of more than 35%, ever-rising exports to foreign governments & clients, innumerable national & international awards, all bear a testimony to the immense customer satisfaction our offerings deliver.

A leading manufacturer (OEM) of various medical devices like X-Ray Machines (LF/HF), C-arm Image Intensifiers (LF/HF), Lithotripters (ESWL), Mammography Systems, Cathlabs (Mobile/Fixed), DSA Systems, DR Systems (Mobile/Fixed), Remote Controlled RF Table, ECG, EEG, TMT and Multipara Monitors.

With certifications like ISO 9001:2008 & 13485:2003, Quality Assurance Certifications like CE 1023 (European Standard Certification) and safety certifications like AERB & BIS, Allengers has one of the largest manufacturing set-ups in India, equipped with the most modern manufacturing and testing facilities, in-house R&D and Quality control set up.

An emerging force in Information Technology in the realm of software & web development, we have successfully delivered many national & international projects to clients' worldwide, with healthcare information systems as our forte.

*Passion For Innovation*

## IT SOLUTIONS & SERVICES

### COMPANY OVERVIEW

After having established a strong brand name in India and abroad in the field of medical imaging, Allengers felt a strong need to utilize its immense medical experience and bring into the market its own range of healthcare IT solutions.

For this, in 2010 a separate division under the Allengers umbrella was created by the name of Allengers Infotech Pvt Ltd.

At Allengers Infotech our motto is "Passion for Innovation"

Keeping this motto in mind many prominent installations have been done across India, with the list of 'happy' clients increasing with each passing day.

# ALL EN SCERS

## CLIENTS SPEAK

### HEALTHCARE IT SOLUTIONS

“ We have been using Allenger's Hospital Information System (Clarity) for quite some time now and it has aided us a lot in the effective management and maintenance of our hospital data and eliminated to a large extent the need for manual book-keeping. The software solution is quite comprehensive and user-friendly and their implementation team quite cooperative and efficient in their approach.

- Ambuja Group

“ We are quite satisfied with the functioning of Allengers HMS at our Grecian hospital, where it is being used for more than the last 3 years. Not just their software but also their prompt services have also been quite satisfactory towards making our entire setup computerized. We have received good support from Allengers in terms of troubleshooting as well as necessary changes. Their HMS has good features that helps us in decision like analytical reports, better understanding of our hospital as business unit.

- Grecian Super Speciality Hospital

“ Their software is robust and user friendly. The support center of ALLENGER'S is very courteous and it provides round the clock services for smooth functioning of the software. We are satisfied with their HOSPITAL MANAGEMENT SYSTEM (HMS) and we recommend the software to the other hospitals. The quality & services provided ALLENGER'S HMS software is commendable.

- Sanjivani Hospital

“ We have been using their software at our hospital since 3 years, which has been functioning well since then. Their Online support team is really good and responds well whenever required. **One major advantage is that we are also using their PACS, which works in an integrated manner with HMS software. So, together it's a complete software solution provided to us and we are happy to be associated with them.**

- Mehndiratta Hospital

### DEVELOPMENT SERVICES

“ I have worked with freelancers and different organizations around the world in website and software development and Allengers Infotech is second to none. We have had an amazing working relationship. I would say I felt like they were more like partners on our project in building the project management software. Nothing quite like this has ever been built before and working with the team has been great experience. I couldn't recommend Allengers Infotech more highly.

- Tristan H (Project Management System)

“ Team worked really well on my first project. Their services and support is excellent while they delivered the work within a fixed time frame. I am really happy with the work and will surely contact them for similar WordPress and On-page SEO related projects in the future.

- Shawn (Internet Marketing)

“ Team is responsive and highly professional. They followed up regularly to ensure no flaw in the work until it finishes. They had excellent communication skills and strong comprehension to carry out the whole task using CMS Website development with excellence. My website is live now and I am really impressed with the way they delivered the work on time and will recommend them for Website, On Page and Graphics jobs.

- Louay (Mobile App)

“ Team did an excellent work , strong WordPress & responsive skills, good in communication and dedicated to help out on particular issues. Definitely would recommend to anyone looking for a WordPress professional. Thanks

- Ameer (Website Development)
